

THE NEW DEMOCRAT SOCIALIST PARTY FACT SHEET

No longer the party of JFK and Harry Truman, the Democrat Party has turned far left and has become the **New Socialist Democrat Party**...the party of Karl Marx. If Joe Biden and the Democrat socialists win in November, They will move quickly to enact a radical, socialist agenda and pass laws that will rig future elections and forever remake America into a nation without freedom, without prosperity, and without hope.

Here's their plan to accomplish Barack Obama's dream to "*fundamentally transform*" America, not into just a socialist state, but a tyrannical Marxist state!

THE CONSTITUTION, THE COURTS, AND OUR FREEDOMS

The Biden/Harris-Democrat Socialist Agenda will all but erase the Constitution

- Increasing the number of Judges on the Supreme Court to 15 or more to stack it with socialists
- Banning and confiscating firearms
- Censoring and criminalizing speech that does not toe their socialist party line
- Allow unlimited abortion right up to the moment of birth
- Indoctrinating America's youth, destroy our history, our American institutions and religious freedom

HEALTH CARE/MEDICARE

The Biden/Harris-Democrat Socialist Agenda will destroy Medicare and our entire health care system by:

- Rationing Medicare for Seniors with "Medicare for All" or a similar program
- Forcing doctors into retirement and hospitals into bankruptcy with authoritarian regulations and price controls
- Limiting the number of new drugs and medical procedures with draconian regulations and price controls

BORDER CONTROL AND IMMIGRATION

The Biden/Harris-Democrat Socialist Agenda will erase our borders and flood America with illegal aliens by:

- Opening our borders & giving illegal aliens citizenship, free health care and welfare
- Abolishing the Immigration and Customs Enforcement Agency (ICE)

CRIME, POLICE, AND PUBLIC SAFETY

The Biden/Harris-Democrat Socialist Agenda will protect criminals and leave American families defenseless by:

- Defunding and disarming the police & releasing violent criminals in the name of "*prison reform*"
- Depriving us of the right to defend ourselves

TAXES, REGULATIONS, ENERGY, AND THE ECONOMY

The Biden/Harris-Democrat Socialist Agenda will destroy the economy – end America's energy independence by:

- Raising federal taxes on utilities, gasoline, businesses and almost everything you own
- Restoring crippling restrictions on energy production

NATIONAL SECURITY/SOVEREIGNTY

The Biden/Harris-Democrat Socialist Agenda will disarm our military and end America's Superpower status by:

- Slashing military spending to the bone
- Abandoning Israel and re-doing the Iran nuclear giveaway
- Allowing the United Nations to dictate U.S. military and foreign policy

SPENDING AND THE NATIONAL DEBT

The Biden/Harris-Democrat Socialist Agenda will explode the national debt by spending trillions of dollars by:

- Bailing out failed and bankrupt irresponsible liberal cities and states
- Paying "*Slave Reparations*" to African Americans
- Enacting the "Green New Deal" (This leftist boondoggle will cost taxpayers up to \$100 **trillion** over the next decade)

THE REAL TRUMP RECORD

TRUMP OR BIDEN IN '20? YOU DECIDE:

Just think back three years ago and where America was under Obama and Biden:

- Economic stagnation
- Millions of Americans forced on food stamps and other welfare programs
- Weak border security and massive illegal immigration, ushering in hardened criminals and drug cartels
- The advent of “sanctuary cities” that harbor illegal alien criminals, including murderers, allowing them to strike again on an unsuspecting public
- ISIS savage terrorism
- A weakened military and national defense
- Skyrocketing health insurance premiums
- The War on America’s police and law enforcement and riots in the streets
- Attacks on religious liberty and traditional values
- Scandals at the IRS and scandals at the VA leaving our vets to die on “waiting lists” for treatment
- Our country becoming sharply divided on racial, ethnic and gender lines. The list goes on.

... And then look where President Trump has taken us in just three short years – despite the mess he inherited:

- Completed middle-class tax cuts, while making filling out our tax returns easier and faster.
- Cut staggering government over-regulation and red tape, resulting in economic growth, employment growth and wage growth -- including record Black, Hispanic and Womens’ employment.
- Historic judicial reform, appointing nearly 200 pro-Constitution federal judges, including two Supreme Court Justices, to uphold our Constitution as written by our Founders.
- Started dismantling the worst parts of Obamacare and provided affordable alternatives to reduce premiums by as much as 60% for millions of Americans.
- Began and continues construction of a secure border wall to stem the tide of illegal immigration that is costing BILLIONS every year in taxpayer-funded benefits.
- Stopped taxpayer funding of sanctuary cities that harbor illegal aliens
- Defeated ISIS and eliminated the top radical Islamist terrorist masterminds.
- Rebuilt our U.S. military and restored America’s defenses to the strongest they’ve been in years.
- Brought back to America manufacturing jobs that had gone overseas.
- Energy independence: We are now the #1 producer of oil in the world and no longer dependent on Middle East oil.
- Massive overhaul in the Veterans Administration and enacting the Veterans’ Choice Act to ensure our vets can get medical treatment swiftly instead of dying on waiting lists... and so much more.

Your help is critical to help counter the ANTI-TRUMP DRIVE sweeping the country.
